November 2, 2026

Dear UUP Members,

At a time when the costs of everything from gas to groceries are rising and affordability is top of mind; AFLAC is pleased to offer new enhanced policies at reduced rates.

There is no better time to take advantage of the AFLAC benefits available to you!

All UUP members will soon be receiving a letter in the mail with details.

You can schedule a phone call with AFLAC representatives during a special open enrollment, now through December 15th by using a specific Calendly link, which is provided below. This special group of representatives will be available on weekdays, weekends, and evenings to serve you.

You can also reach out to Sember Miller by email at: sember_miller@us.aflac.com
